

December 10th, 2020: PRODUCT STATUS NOTIFICATION – LoPro Gantry Kits Obsolete

Bishop-Wisecarver® Corporation is informing you of the obsolescence and replacement of the LoPro® Linear Actuator Gantry Kits.

This lifecycle change is occurring because significantly improved alternatives were developed and are now available. The new design is simplified with fewer parts and includes cable carrier attachment points for streamlined assembly at a lower overall price. BWC does not intend to support the previous version in the future and these products are now obsolete. The new designs are available as an alternative.

Upon the depletion of inventory, the following product stock codes will be discontinued or otherwise obsolete:

BWC Product Line	Obsolete Stock Code	Product Description
LoPro®	LP1GNTRYPLTK	LoPro® SIZE 1 GANTRY BRACKET PLATE KIT
	LP2GNTRYPLTK	LoPro® SIZE 2 GANTRY BRACKET PLATE KIT
